22 rest piers for latch block seat				52 79
Previous payments, 1911-12 (W—74), $206,950; paid in 1912-13 (W—14), $67,450; paid in 1913-14 (W—11), $100,360; paid in 1914-15 (W—11), $53,849.77; paid in 1915-16, $13,370; drawback, $1,821				443,800 77
Roger Miller & Sons: Lock Gates: Progress Estimate No. 16 to Feb. 28, 1915.				
Lock No. 1—1 pair upper gates, 10 ft. high, completed				3,342 00
1 pair lower gates, 30 ft. high, completed				7,470 00
Lock No. 2—1 pair upper gates, 10 ft. high, completed				3,342 00
1 pair lower gates, 30 ft. high, completed				7,498 00
Lock No. 3—1 pair upper gates, 10 ft. high, completed				3,342 00
1 pair lower gates, 37 ft. high, completed				8,826 00
Lock No. 4—1 pair upper gates, 10 ft. high, completed				3,342 00
1 pair lower gates, 28 ft. high, completed				6,816 00
Lock No. 5—1 pair upper gates, 10 ft. high, completed				3,342 00
1 pair lower gates, 28 ft. high, completed				6,847 00
Lock No. 6—1 pair upper gates, 10 ft. high, partly completed				3,190 00
1 pair lower gates, 26 ft. high, partly completed				6,340 00
Lock No. 7—1 pair upper gates, 11 ft. high, partly completed				3,300 00
1 pair lower gates, 20 ft. high, partly completed				5,150 00
Lock No. 8—1 pair upper gates, 10 ft. high, partly completed				3,220 00
1 pair lower gates, 30 ft. high, partly completed				7,400 00
Lock No. 9—1 pair upper gates, 10 ft. high, partly completed				3,220 00
1 pair lower gates, 26 ft. high, partly completed				6,380 00
Lock No. 10—1 pair upper gates, 10 ft. high, partly completed				3,220 00
1 pair lower gates, 34 ft. high, partly completed				8,140 00
Locks Nos. 11 & 12—1 pair upper gates, 10 ft. high, partly completed				3,220 00
1 pair intermediate gates, 34 ft. high, partly completed				8,140 00
1 pair lower gates, 34 ft. high, partly completed				8,140 00
Lock No. 13—1 pair upper gates, 10 ft. high, partly completed				3,250 00
1 pair lower gates, 34 ft. high, partly completed				8,170 00
Lock No. 14—1 pair upper gates, 10 ft. high, partly completed				3,250 00
1 pair lower gates, 35 ft. high, partly completed				8,370 00
Lock No. 15—1 pair upper gates, 10 ft. high, partly completed				3,250 00
1 pair lower gates, 32 ft. high, partly completed				7,770 00
Carried forward				157,287 00

Dept. of Railways and Canals.
Ottawa, Dec. 13, 1915.

Sir,—In the adjusting entries received here from Moncton in respect of the St. John and Quebec Railway and communicated to your Department and the Department of Finance, the receipts were set down at $21,717.24. It now appears from communication with the General Manager of Government Railways that in this amount was included the sum of $2,977.51 which should have been credited to open accounts, and that the actual revenue was $21,717.24 less that amount, or $18,739.73.

This error, which will appear in the annual reports of all three departments, is being covered here by a footnote which I enclose, and I have to ask that if not too late, and you approve, it may be added to the statement in your report respecting the St. John and Quebec Railway.

I have the honour to be, sir, your obedient servant,

J. W. PUGSLEY, *Secretary.*

The Auditor General,
Ottawa, Ont.

†Note.—In this sum is included an amount, $2,977.51, which should have been credited to open accounts, leaving the actual revenue $18,739.73. This will be adjusted in the 1915-16 accounts.

Special Audit of Government Elevator at Port Arthur.

TRADE AND COMMERCE DEPT., OTTAWA, December 3, 1914.

SIR,—I am desired by the Honourable Minister of Trade and Commerce to send your herewith a copy of the audit of the Dominion Government elevator at Port Arthur from October 16, 1913, to August 31, 1914. This is the only copy we have; and I am asked, in view of the fact that your Mr. Kearns visited Port Arthur, whether you think this audit is a satisfactory one, and what your views may be as to the system at present in vogue at the government elevator there—whether or not it is a good one, etc.

Kindly return the enclosed with your reply.

I have the honour to be, sir,

Your obedient servant,

F. C. T. O'HARA, *D.M.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, OTTAWA, December 11, 1914.

SIR.—I beg to acknowledge the receipt of your letter of the 3rd instant, enclosing a special report made under the supervision of Marwick, Mitchell, Peat & Company, chartered accountants, Winnipeg, on the operations of the government elevator at Port Arthur from its inception, October 16, 1913, to July, 31 1914.

In the statement of surplus and shortage of grain "Schedule 2," there is shown a shortage of 22,542.70 bushels in Nos. 1, 2, 3, and 4 Northern wheat, that is, as I understand the statement, a difference of that quantity between the number of bushels called for by the outstanding warehouse receipts and the number found in the elevator by actual weight in August, 1914.

I would like to have some explanation of this shortage from the Grain Commission before going any further into the report.

What has been the cause of this shortage, and how does the Commission propose to supply the deficiency?

I am, sir, your obedient servant,

J. FRASER, *A.G.*

F. C. T. O'HARA, Esq.,
Deputy Minister of Trade and Commerce.

TRADE AND COMMERCE DEPT., OTTAWA, December 16, 1914.

SIR.—With reference to your letter of December the 11th, in connection with the audit of the Government elevator at Port Arthur, I enclose a copy of a letter just received from the Secretary of the Board of Grain Commissioners under date of December the 14th, giving the Board's explanation of certain shortages.

I have the honour to be, sir,

Your obedient servant,

F. C. T. O'HARA, *D.M.*

The Auditor General.

BOARD OF GRAIN COMMISSIONERS FOR CANADA.

FORT WILLIAM, ONT., December 14, 1914.

DEAR SIR,—I beg to acknowledge receipt of your letter of the 12th inst., file 14460.

There are various reasons that can be put forward for the shortage in Nos. 1, 2, 3, and 4 Northern wheat at the annual weigh-up at the 31st July, 1914. First, during the season the elevator handled large quantities of rejected grain. If the grain was cleaned above a certain point it would mean a shortage in that particular grade. Second, the elevator also handled large quantities of flax C.C. to clean. Warehouse receipts were issued for the wheat contained in the flax. On one or two occasions the elevator was so pressed for work that it was impossible to clean the flax, and it was therefore shipped in the dirty state. It is therefore obvious that we lost whatever wheat was in the flax, and

thereby the paper outstanding against that particular parcel would show a shortage. It is impossible for the Board to state accurately where the actual shortage occurred. The Board has not yet given instructions to cover these shortages, but rather has let the matter drag along to see what the result would be during the current year and to see if they could be made up in any way.

If there is any further information you desire, please advise.

I have the honour to be, sir,

Your obedient servant,

C. BIRKETT, *Secretary.*

F. C. T. O'HARA, Esq.,
Deputy Minister Trade and Commerce.

AUDITOR GENERAL'S OFFICE, OTTAWA, January 4, 1915.

SIR,—I beg to acknowledge the receipt of your letter of the 16th ultimo enclosing a letter from the Secretary of the Board of Grain Commissioners, Fort William, in explanation of the shortage at the Port Arthur Government elevator of Nos. 1, 2, 3, and 4 Northern wheat on July 31, 1914, as ascertained by the weigh-up during August, 1914, and reported by the chartered accountants, Messrs. Marwick, Mitchell, Peat & Co., Winnipeg, in their special report dated October 6, 1914.

It seems to me the explanation is not sufficiently clear or definite, but it may be only just to acquiesce in the Board's suggestion "to let the matter drag along and see what the result would be during the current year and to see if the shortage could be made up in any way."

Mr. Kearns, of this office, who visited Fort William last August, under my instructions, with the view of obtaining information as to the methods of account keeping in regard to the revenue and expenditure in connection with the government elevator, informs me that he was able to obtain all necessary details from the books kept by the accountant at Fort William, which he found written up to date in every instance.

The system of account keeping, he says, so far as could be judged by the brief test audit he was able to make, is sufficiently comprehensive and minute to enable the Department or the Auditor General to ascertain by personal inspection the exact condition of the receipts and expenditure at the government elevators at any time, and he thinks it would be in the best interests of the department at Ottawa and the government elevators that test audits should be made occasionally.

I return herewith Messrs. Marwick, Mitchell, Peat & Co's report.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

F. C. T. O'HARA. Esq.,
Deputy Minister Trade and Commerce.

Permanent and Temporary Employees at the Government Elevators.

AUDITOR GENERAL'S OFFICE, OTTAWA, May 14, 1915.

SIR,—I beg to call your attention to section 8 of the Canada Grain Act, 1912, which provides as follows:—

"Section 8. Every officer and employee attached to or under the authority of the board shall be appointed by the Minister on the recommendation of the board, and shall receive such salary or remuneration as is approved by the Governor in Council: provided that the Governor in Council may authorize the board to make appointments of a temporary character and to fix the remuneration to be paid temporary officers and employees."

Has any order of the Governor in Council under this section been passed ?

During the past fiscal year the salaries of the accountant at the Port Arthur elevator, and some of the employees in his office, were increased, but I have not received the authority of the Governor in Council for such increases.

It seems to me these officers or employees are not temporary within the meaning of the section I have quoted.

Whether they are to be classed as temporary or otherwise, Section 8 certainly contemplates some action on the part of the Governor in Council.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

F. C. T. O'HARA, Esq.
Deputy Minister of Trade and Commerce.

TRADE AND COMMERCE DEPARTMENT, OTTAWA, May 17, 1915.

SIR,—I beg to acknowledge receipt of yours of the 14th, calling attention to the requirements of section 8 of the Canada Grain Act, which provides for the appointment and remuneration of both permanent and temporary employees under the Act; and also its application to the accountant's staff of the Port Arthur elevator.

In reply I beg to say that all appointments to the permanent staff under the Canada Grain Act, or increases to salaries of such employees, are recommended by the Board of Grain Commissioners for the approval of the Minister. Authority of Council is then obtained for such appointments or increases as are approved by the Minister. Appointments to the temporary staff are made by the Commission, and increases to these employees are also recommended by the board for the Minister's approval, of which the board is duly notified.

The clerical staff at the Port Arthur elevator were employed by the Grain Commission when the elevator was opened. These officials were considered temporary employees, and any increases granted this staff were recommended in like manner by the board. This staff, while retaining their respective positions, are still on the list of temporary employees under the direct control of the Grain Commission.

A copy of the Order in Council required under secion 8, and passed on the 21st June, 1912, is herewith enclosed.

I have the honour to be, sir,
Your obedient servant,

The Auditor General, Ottawa. F. C. T. O'HARA, *D.M.*

AUDITOR GENERAL'S OFFICE, OTTAWA, May 20, 1915.

SIR,—I beg to acknowledge the receipt of your letter of the 17th instant, in which you say that the clerical staff of the Government elevator at Port Arthur were employed by the Grain Commission when the elevator was opened, and were considered temporary employees.

In my letter of the 14th instant I did not desire to raise any objection to the appointments made to the clerical staff of the elevator in the first instance, as these appointments might quite reasonably be considered of a temporary character; but as the officials then appointed have been continuously employed in an established capacity, and their salaries, or at least the salaries of some of them have been substantially increased after one year's service, it seems to me they have ceased to be temporary clerks within the meaning of section 8 of the Canada Grain Act, 1912, and that in accordance with the provisions of this section their permanent appointment should have been authorized by the Minister and the salaries to be paid them approved by the Governor in Council.

The Act clearly provides for permanent and temporary service, and the provision so made under section 8 applies to employees in connection with the Government elevators with the same force as to any other branch of the public service governed by the Canada Grain Act.

If the statute may be interpreted so as to give only temporary status to all the employees at the Government elevators, then the Minister and the Governor in Council would practically have no voice in their appointment or the salaries that may be paid. It is, I think, unlikely that the statute is open to an interpretation that would confer such wide powers on the Commission over the expenditure of a parliamentary appropriation. There are some seventeen of these supposed temporary employees, whose yearly salaries range from $2,200 to $960.

Would it not be well, in view of the importance of the point at issue, to obtain the opinion of the Department of Justice in regard to the legal distinction between permanent and temporary service under section 8 of the Act in question.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

F. C. T. O'HARA, Esq.
Deputy Minister of Trade and Commerce.

TRADE AND COMMERCE DEPT., OTTAWA, May 29, 1915.

SIR,—I beg to acknowledge the receipt of your letter of May 20, and in reply have to state that there is of necessity a considerable number of employees of the Board of Grain Commissioners who are put on or put off according to the work before the Board in the matter of grain inspection, etc.; and it was intended that the Board should have, under section 8 of the Canada Grain Act, power to make temporary appointments, and when they had proved their efficiency that they should be made permanent. This more particularly, however, applies to the clerical staff. The Minister has approved from time to time of appointments and promotions of all those on the temporary staff.

After communicating with the Board they inform me that it is their intention to place some of the clerical staff on the permanent list, but they prefer

to wait until the staff requirements are gone into as usual at the end of August. By that time it is hoped that a general manager for the Government elevators will be appointed, and no doubt he will be in a position to help the board in reference to the elevators' staffs.

I have the honour to be, sir,

Your obedient servant,

F. C. T. O'HARA, *D.M.*

The Auditor General, Ottawa.

Loan to City of Saskatoon.

DECEMBER 5, 1914.

The Committee of the Privy Council have had before them a report, dated December 2, 1914, from the Minister of Trade and Commerce, submitting—with reference to Orders in Council of the 15th August and 18th September last, respecting a proposed contract between His Majesty the King and the Corporation of the City of Saskatoon for the purpose of furnishing power to the Government elevator now in course of construction in that city, by which it was proposed to advance the sum of $23,343 to the said city for the purpose of completing the power line,—that it now develops that the better course to pursue would be for the Government to temporarily purchase the said power line for a sum not exceeding $23,343.

The Minister therefore recommends that he be authorized to enter into a contract, subject to the approval of the Department of Justice, by which the Government shall purchase the said power line from the city sub-station to the government elevator upon condition that the city shall re-purchase this line at the full purchase price with interest at 6 per cent at such time as the city shall receive the first funds from the sale of the bond issue authorized by their by-law No. 828, which bond issue has already been sold, but the proceeds for which have not been received on account of the financial stringency which has resulted from the present European war.

The Committee concur in the foregoing and submit the same for approval.

RODOLPHE BOUDREAU,

Clerk of the Privy Council.

The Auditor General.

Re **Inspection of Staples.**

AUDIT OFFICE, OTTAWA, July 26, 1915.

SIR,—On Revenue Return No. 3, dated June 2, there is credited to accounts of 1915–16 the following items accrued in March, and which should have been credited to 1914–15:—

Davidson & Smith	$ 4 80
Refund express charges	1 65
Grand Trunk Pacific Railway	1,009 50

It is desirable that all revenue that comes to account before the books of the previous year are closed should be credited to the year in which they accrued, otherwise the statement published in Audit Report is defective.

I have to request that you will direct your officers to be more careful in future.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Trade and Commerce.

TRADE AND COMMERCE DEPT., OTTAWA, August 9, 1915.

SIR,—I beg to acknowledge the receipt of your letter of the 26th ultimo, respecting items of revenue accrued in one year being deposited with those of another year.

I note what you state and have written our Chief Inspector of Grain at Winnipeg to make deposits for each year separate, and to have separate drafts drawn.

I am, sir, your obedient servant,

The Auditor General. F. C. T. O'HARA, *D.M.*

Charter of Steamers for Transports.

AUDITOR GENERAL'S OFFICE, July 26, 1915.

SIR,—When the question of transport of the troops for the first contingent was being considered I understood that it was found to be very difficult to make contracts with the steamship companies for various reasons—such as length of engagement, the uncertainty of the return of vessels after leaving Canada, etc.—and that it was decided to have payments made only on account, the final settlement to be left for a later date when the services and experience of the Admiralty might be obtained to arrive at a fair settlement. I notice that recently you have been paying on a per capita basis, but I suppose this is only for the purpose of establishing a basis for advances on account and not a final settlement. To prevent misunderstanding I should be glad if you would inform me if I am correct in the above statement of the case.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 29, 1915.

SIR,—I am in receipt of yours of the 26th instant respecting ocean transport agreements, and in reply am to say that where a per capita rate has been paid it is to be considered as a final payment unless, owing to instructions from the Admiralty, the ship has been delayed at some port, in which case a charge for demurrage and victualling is made. This, however, has very seldom occurred.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, September 11, 1915.

SIR,—I beg to acknowledge receipt of your requisitions Nos. 78 and 79, in favour of the White Star-Dominion Line, for bills of exchange for $16,929.92 and $24,477.46, respectively, for proportion of war risk insurance upon various steamships under

charter by the Canadian Government. Before passing these applications, I would refer you to clause 9 of the Memorandum of Agreement between Steamship Companies and the Government, whereby the Government guarantees to the steamship company to assume such risks as are or would be excluded from the usual Lloyd's marine insurance policy by the presence therein of the following clause, or any clause to the same or similar effect: "Warranted free of capture, seizure and detention and the consequences thereof, or any attempt thereat (piracy and barratry excepted), and also all consequences of riots, civil commotions, hostilities or warlike operations, whether before or after the declaration of war, and risks of blockades and obstructions, insurrections, brigandage, and riots and civil commotions, shall be borne by the Government." This clause would indicate that the Government assumes all the risks incidental to the increased risk of travel in time of war, and unless the Government specially instructed this steamship company to take out a war risk policy, I am of the opinion that this is not a charge against the Government, but should be borne by the steamship company themselves.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

Auditor General's Office, November 8, 1915.

Sir,—I beg to acknowledge receipt of your application No. 127, for a bill of exchange in favour of the Oceanic Steam Navigation Company for coal purchased and other expenses in connection with the ss. *Megantic*. Before passing your application, I would be pleased to have you forward me a copy of the contract with this company for the hire of this steamer.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A. G.*

Dept. of Militia and Defence, Ottawa, November 10, 1915.

Sir,—I beg to acknowledge receipt of yours of the 8th inst., asking for a copy of the contract with the Ocean Steam Navigation Co., and in reply am to say that the *Megantic* is one of the boats chartered by the British Admiralty. She was sent out here, on application by the Canadian Government, for transport of Canadian troops. I am unable as yet to give you a copy of any contracts between the company and the Admiralty. The application is for payment on account, and in due course I presume we will have the necessary particulars regarding terms of contract.

I am, sir, your obedient servant,

The Auditor General. EUG. FISET, *D.M.*

Auditor General's Office, November 13, 1915.

Sir,—I beg to acknowledge receipt of your letter of the 10th instant, No. C-54-21-16-9, with reference to the contract with the Oceanic Steam Navigation Co. for the charter of the steamer *Megantic*. You state that your application No. 127 is for "Payment on account and in due course I presume we will have the necessary particu-

lars regarding the terms of contract." In reply, I might point out that your application No. 127 is not for a payment on account, but covers payment in full for coal purchased for this steamer and for light dues, port charges and for war risk insurance on the same boat; and before passing your application, I will require a copy of the contract to enable me to ascertain whether these are proper charges against the Government. I might also point out that I wrote you on September 11 last, with reference to the charge for war risk insurance, and pointed out, at that time, that I considered that this was not a proper charge against the Government. I have received no reply to my letter of that date.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A. G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, November 18, 1915.

SIR,—I am in receipt of yours of the 13th instant, respecting a payment in connection with the ss. *Megantic*, and in reply, I am to say that a copy of the contract asked for will be sent you as soon as one can be obtained. I note what you say in regard to war risk insurance, and am to state that these claims together with some others put forward by the steamship companies will be submitted to the Justice Department for an opinion before final settlement is made.

I am, sir, your obedient servant,

The Auditor General. EUG. FISET, *D. M.*

AUDITOR GENERAL'S OFFICE, November 11, 1915.

SIR,—I beg to acknowledge receipt of your application No. 143, for bill of exchange for $461.56, in favour of the Oceanic Steam Navigation Company for port charges at Quebec on the steamer *Megantic*. As a large part of the expenditure shown by the vouchers is prior to the 15th of May, on which date this boat appears to have been taken over by the Dominion Government, I will be unable to pass your application until such times as I have a copy of the charter contract, which will show what charges are to be paid by the Canadian Government, and what portion is chargeable to the Admiralty.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

AUDITOR GENERAL'S OFFICE, November 13, 1915.

SIR,—I beg to acknowledge receipt of your application No. 137, for an advance payment on account of reconditioning ss. *Herschel*, June 14, 1915. The account submitted indicates that the work was done between July 10 and July 21, 1915. If you will refer to your application No. 136, of the 9th of November, it will be seen that between these dates the steamship *Herschel* was engaged in transporting the 6th Canadian Mounted Rifles between Quebec and Plymouth, and did not arrive in Plymouth until July 29. Therefore, I cannot see how it was possible for the recon-

ditioning of the boat to take place between the dates mentioned in the account. Some further explanation of this account will be necessary before I can pass your application.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, December 2, 1915.

SIR,—With reference to yours of the 15th November respecting our application No. 144 for a bill of exchange for $51.46 on account of ss. *Herschel*, will you kindly return same to me for further consideration.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, November 13, 1915.

SIR,—I beg to acknowledge receipt of your application No. 139, for bill of exchange in favour of Lamport and Holt, Limited, as an advance payment on account of repairs to lifesaving appliances on ss. *Herschel*. Before passing this application, I would be pleased to have you inform me why it was necessary to make repairs to what would appear to be the ordinary appliances provided by the steamship, and which do not appear to me to be covered by the conditions of the contract.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

AUDITOR GENERAL'S OFFICE, November 15, 1915.

SIR,—I beg to acknowledge receipt of your application No. 144, of the 12th instant, for a bill of exchange for $51.46, in favour of Lamport and Holt, for port charges at Liverpool upon the steamer *Herschel*. Upon reference to the accounts which go to make up the amount, I find that part of the expenditure was for pilotage charge on the 8th of June, and charges for boatmen upon the 3rd and the 6th of May. My information is that this boat was chartered by the Canadian Government on June 14, and any charge prior to that date would not be charged against the Canadian Government. Kindly let me have an explanation of these items, and a copy of the charter contract for this boat.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A. G.*

AUDITOR GENERAL'S OFFICE, December 1, 1915.

SIR,—I am in receipt of two accounts of the Royal Mail Steam Packet Company which were paid by High Commissioner, vouchers Nos. 475 and 574, of 1914-15. These accounts appear to be for a number of items supplied to the steamships *Caribbean* and *Arcadian* to enable them to carry troops from Quebec, but as many of these items, such as beds, pillows, camp stools, bedding, life belts and sundry tableware do not appear to me to be covered by the regular contract form which you have supplied this office, I would be pleased to have you supply me with a copy of the charter contract for these boats, and also inform me whether the boats are still under charter; and if not, what disposal was made of the articles supplied to the two boats. I would also be pleased to know to what boat the 1,000 hammocks, which are charged in the account as having been placed on Pier 36, Breakwater, Quebec, were supplied, and why it was necessary to supply these boats with bedding and tableware so much in excess of the number of troops which were transported.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A. G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Dec. 8, 1915.

SIR,—Replying to your inquiries of the 1st inst., in regard to vouchers Nos. 475 and 574 (1914-1915), I have the honour to inform you that the steamships *Arcadian* and *Caribbean* were released from Canadian Government service on October 21, 1914. Copies of charters herewith as requested. The articles referred to were supplied to these ships owing to the intention to place more men on board than the vessels were originally fitted for. These two ships were only fitted for the carrying of a limited number of 1st class passengers, and the messing gear was entirely unsuitable for troops. They were fitted out to carry, respectively, 1,000 and 700; but they were the last two boats to be loaded, and there remained only 720 for the *Arcadian* and 366 for the *Caribbean* to take on board. Instructions were issued for the bedding, mess gear, etc., to be handed over by the ships' officers on their arrival in England and given to the Ordnance officers there. The 1,000 hammocks brought from New York were handed in to Ordnance Stores at Quebec, and are being used from time to time, as required.

I am, sir, your obedient servant,

The Auditor General. EUG. FISET, *D.M.*

AUDITOR GENERAL'S OFFICE, December 3, 1915.

SIR,—I beg to draw your attention to the following letters, to which I have received no reply:—

September 11. With reference to a payment to The Rea Transport Company of $1,046.57, for lightering coal in ss. *Elele*.

September 11. With reference to bill of exchange in favour of White Star-Dominion Line, in which I referred you to Clause 9 of the Memorandum of Agreement between Steamship Companies and the Government.

November 11. With reference to a bill of exchange in favour of the Oceanic Steam Navigation Company for port charges at Quebec on the steamer *Megantic*.

November 13. With reference to your application No. 139 for a bill of exchange in favour of Lamport and Holt on account of repairs to lifesaving appliances upon the steamer *Herschel*.

Kindly let me have replies to these letters with as little delay as possible.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, A. G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, December 13, 1915.

SIR,—I am in receipt of yours of the 3rd inst. respecting unanswered letters, and in reply am to say that: In regard to your letter of September 11 respecting Rea Transport Co. bill for $1,046.57, this claim was certified as correct by the Admiralty and recommended for payment. We have, however, asked them for further information but up to date have received no reply. With reference to your second letter of September 11 respecting bill of exchange in favour of White Star-Dominion Line, I am to say that this letter was answered on the 18th November, copy of which I enclose. With reference to yours of November 11 respecting a bill of exchange in favour of the Oceanic Steam Navigation Co. for port charges at Quebec on the steamer *Megantic*, this was also recommended by the Admiralty and approved for payment. As regards your letter of November 13 respecting bill of exchange in favour of Lamport and Holt on account of repairs to steamer *Herschel*, will you kindly return me the application in question which I will retain along with the other applications which we have sent forward and to which you have raised objections. I may also state that we have, as yet, no copies of the agreements between the Admiralty and the various steamship companies, although we have asked for same. We have, therefore, in these matters to rely upon the recommendations and certificates of the Admiralty officials in London, who in the majority of cases should, I think, be a proper judge as to what should be paid as they have a more intimate knowledge of the facts and the respective claims than we have here.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

Remount Purchases.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, December 19, 1914.

SIR,—Herewith account of remounts purchased for the first overseas contingent under direction from headquarters, together with bank pass book (which please return when done with) and paid cheques. The delay in rendering this account is due to endeavours which have been made to locate a discrepancy of $200 between our balance and that admitted by the bank, for which purpose it was necessary to obtain possession of the cheque books used by the officers and others engaged in the purchase of these horses. Up to the present, however, we have been unable to get all the books used, as several of the officers are now serving with the contingent in England and some of them have not been heard from, although repeated applications have been made.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, December 23, 1914.

SIR,—I have to acknowledge receipt of your letter of 21st instant with cheques for purchase of remounts. I notice that most of these cheques are for large amounts paid, apparently to persons who were not the real vendors. I shall require the forms on which were entered the owner's name, description of horse, price paid, etc. There are a few cases in which these are attached to the cheques. Please let me have the rest of these forms as soon as possible.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

AUDITOR GENERAL'S OFFICE, April 30, 1915.

SIR,—Referring to my letter of December 23 last in *re* purchase of remounts, I stated that most of the cheques were for large amounts paid, apparently to persons who were not the real vendors. I asked to be supplied with the forms or receipts which were signed by the vendors, but up to the present time I have not received the same. In the absence of such vouchers I shall have to treat this expenditure as advances unaccounted for and report the same to Parliament. You have, no doubt, read the statement made by the Premier, when referring to the cheques issued by Mr. Foster, M.P. for Kings, N.S., when he stated "No vouchers are produced and there seems to have been very little effort on the part of the persons concerned to have them produced." The same remark would apply to nearly all of the purchases except those made in the Calgary district, and I have to request that you will let me know when we may expect to receive these vouchers.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A. G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, May 8, 1915.

SIR,—I have the honour to acknowledge receipt of yours of 30th ult., respecting vouchers in connection with horses purchased for the First Contingent, and in reply am to say that the receipts you ask for, other than the cancelled cheques, cannot be sent you for the reason that the officer in charge of this work in Eastern Canada apparently never asked for such from the sellers, evidently thinking that the cheques made payable to their order and endorsed by them were sufficient receipts. This officer sailed with the First Contingent and is now at the front, and it is impossible for the present to get any further particulars from him. When he returns it is hoped he may be able to prepare a description roll at least. I wish to explain, however, that for the $1,405,432 expended by purchasing agents for purchase of horses, First Contingent, 8,150 horses were obtained, of which 7,513 were shipped with the troops in September last, not including 398 horses belonging to the Permanent Force shipped at the same time. Of the balance, 475 were sold at auction in Quebec for $25,578, and the rest died at Valcartier or were lost, with the exception of a few still remaining

there. I note that you feel obliged to treat this expenditure as unaccounted for owing to the absence of receipts which I regret I am unable to supply, but, after all, are not the horses themselves the best receipts?

I am, sir, your obedient servant,

The Auditor General. EUG. FISET, *D.M.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 8, 1915.

SIR,—In forwarding the accompanying statement of the Remount Account, First Contingent, I have the honour to report that I am unable to explain the discrepancy of $200, except on the assumption that a cheque for that amount may have been mislaid in this office when the lists were being made. Every effort has been made to clear the matter up but without result. Many of the officers employed in the purchasing of horses accompanied the Contingent overseas, and although all who had not already done so have been repeatedly called upon to return the stubs of the cheques they issued, some few have not complied; and the stubs received throw no light upon the matter. Copies of lists numbered 1 to 34 and a recapitulation are herewith forwarded.

I am, sir, your obedient servant,

The Auditor General. EUG. FISET, *D.M.*

AUDITOR GENERAL'S OFFICE, May 26, 1915.

SIR,—I beg to draw your attention to the following cheques, drawn in favour of the Bank of Montreal, and deposited as a credit for the purchase of remounts required for the second contingent:—

No. 3884	$ 10,000
" 5093	250,000
" 6291	200,000
" 6600	200,000
" 7362	200,000
" 8114	200,000
" 7753	200,000
	$1,260,000

Kindly inform me how these advances are to be handled; to whose credit were they deposited, and what provision has been made for the accounting. Up to the present, I have no information other than that contained upon the list of cheques issued, and have not been supplied with any vouchers of any kind. With the large amount of money involved, there should be sufficient information and vouchers given to this office to enable us to check the expenditure month by month, instead of one accounting for the whole amount at the end of a long period.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 5, 1915.

SIR,—Your letter of May 29 received. In regard to the advance of $1,260,000 on account of the purchase of remounts required for the Second Contingent, I am to advise that this sum was placed at the Bank of Montreal to the credit of "The Canadian Remount Account, Second Contingent." Col. Sir Adam Beck was appointed to superintend the purchase of horses required for the Second Contingent, and he named certain gentlemen to act for him in examining and purchasing the horses. When these were called upon to act specimens of their signatures were forwarded to this Department by Sir Adam Beck and were transferred to the Bank of Montreal. A list is being prepared covering the full description of each horse purchased up to the 31st March. This will be ready in a day or two. Lists are already prepared of all cheques which have been paid by the Bank of Montreal on this account. A complete statement of cheques received from the bank up to the 31st March will also go forward in a day or two. With reference to future accounting, if you so desire statements can be rendered of cheques issued and horses bought each month and the cheques returned by the bank forwarded to you, either as they are received or at stated periods.

I am, sir, your obedient servant,

The Auditor General. EUG. FISET, *D.M.*

AUDITOR GENERAL'S OFFICE, June 26, 1915.

SIR,—I beg to acknowledge the receipt of your letter of the 5th instant, in connection with the Canadian Remount Account, Second Contingent. From the information given, it would apppear to me that the system of accounting in connection with this account is identical with that of the advances made in connection with the First Contingent account, which was the subject of so much criticism in the Public Accounts Committee at the last session of Parliament, and I would be pleased to have from you, at once, all statements, cheques and vouchers which you may have in connection with this account, so as to enable me to make an examination of the account. I would also be pleased to know how many persons were named by Sir Adam Beck to sign cheques against this account, with lists of the cheques drawn by each of these persons.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, August 21, 1915.

SIR,—I have the honour to enclose list of officers and others who have been authorized to sign cheques for the purchase of remounts for the Second Canadian Contingent, and to inform you that Horse Registers covering the period to June 30 last are being forwarded to your office at 202 Queen street. The account for the three months ending June 30, as well as that for the month of July, will be forwarded immediately on the receipt of some substantiating details which the Remount Commissioner for the West has been requested to furnish.

I am, sir, your obedient servant,

The Auditor General. EUG. FISET, *D. M.*

AUDITOR GENERAL'S OFFICE, December 4, 1915.

SIR,—Cheque No. 8811, of the 2nd Divisional Area for 1914-15, covers a payment of $3,005 to James R. Fallis, of Brampton, for 17 horses. The voucher submitted to this office contains no certificate whatever as to the purchase or inspection of these horses, and has no recommendation that the prices paid were fair or just. In connection with this voucher, I might refer to voucher covered by cheque No. 8161, of the same divisional area, which reads as follows: "For twenty horses shipped to General

Lessard, Toronto, only seventeen paid for, $545." Upon this voucher Major-[illegible] Lessard puts the following memo.: "I am prepared to recommend the above payment at $150 each." This account also does not contain any certificate that the horses were inspected, or that the prices paid were fair and just, except the memo. above referred to. Kindly inform me by whom these twenty horses were purchased; by whom were they inspected, and why the purchase was not made through the Remount Commission, who had charge of the purchase of all remounts.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

AUDITOR GENERAL'S OFFICE, December 14, 1915.

DEAR SIR,—Cheque No. 4004 of the 2nd Divisional Area covers a payment of $540 to the Union Stock Yards of Toronto, for 3 horses purchased by F. L. Lessard. The voucher submitted to this office bears no certificate that the prices paid are fair and just, or that any of these animals were inspected by a veterinary surgeon. Kindly inform me why these horses were not purchased by the Remount Commission, who had charge of all the purchases of remounts.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

AUDITOR GENERAL'S OFFICE, December 7, 1915.

SIR,—Cheques Nos. 3726, for $5,500, and 3890, for $2,115, both of the 2nd Divisional Area, in favour of Maher's Horse Exchange, cover a payment for 43 horses. The vouchers forwarded to this office contain no certificate whatever as to the prices having been fair and just, and there is no evidence that any of these horses were examined by a veterinary surgeon. Kindly inform me why these vouchers were allowed by your Department, and whether any examination was made to ascertain whether the prices paid were fair and just, and why the purchases were not made by the Remount Commission, who had charge of the purchases of all remounts.

I am sir, your obedient servant,

E. D. SUTHERLAND, for *A. G.*

The Deputy Minister of Militia and Defence.

AUDITOR GENERAL'S OFFICE, December 6, 1915.

SIR,—Cheque No. 3788, of the 2nd Divisional Area, for the year 1914-15, covers a payment of $200 to G. A. M. Davison for one mare. The account forwarded to this office bears no certificate whatever as to the value of the horse, nor whether the horse has been inspected by a veterinary. Kindly inform me why this payment was made, and why the purchase was not made by the Remount Commission.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

Purchase of Oats at a price higher than prevailing market price.

AUDITOR GENERAL'S OFFICE, December 3, 1914.

SIR,—Let me call your attention to the following accounts, charged to "War Appropriation," and paid at Headquarters:—

Cheque 2921, James McDonnell, Montreal, Sept. 25, 5,132 bushels of oats at 70 cents per bushel of 34 pounds . . $3,630 17

Cheque 3186, Geo. Sparks and Sons, Vars, Ont., Oct., 2,250 bushels of oats at 67 cents per bushel $4,020 00

These prices appear to be very much in excess of the market price for best Canadian oats, at the date of these purchases. Please furnish this office with full particulars specifying the quality, place of delivery, kind of bags supplied, and any further information available in support of the charges made.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, December 24, 1914.

SIR,—Replying to your letter of the 3rd instant with regard to the payments made to James McDonald, Montreal, and George Sparks and Sons, of Vars, Ont., for oats at 70 cents and 67 cents per bushel respectively, I beg to say that these prices were the lowest received in August last from 27 dealers invited to tender from all parts of the country in Nova Scotia, New Brunswick, Ontario and Quebec. 44,118 bushels of oats were required. Messrs. Sparks and Sons, whose quotation was the lowest, had only 6,000 bushels to dispose of. Their tender was accepted for this quantity. The next higher tender was that of J. A. Forward, of Ottawa, at 67½ cents, who had only 5,000 bushels to dispose of. His tender was accepted for this quantity. The next higher tenders were those of James McDonald, E. Lemire and W. Lamarre and Company, all of Montreal, at 70 cents per bushel. Contracts were made with these three firms for the supply of about 11,000 bushels in each case. I have reason to believe that these prices at the time and upon the conditions prescribed by the Department were fair and reasonable.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, December 28, 1914.

SIR,—I am in receipt of your letter of the 24th instant, regarding payments made to James McDonnell, Montreal, and George Sparks and Sons, Vars, Ont., for oats supplied at 70 and 67 cents respectively. In your letter you state you have reason to believe that the prices paid at the time, and upon the conditions prescribed by the department were fair and reasonable. In reply I beg to say that the quality specified, and conditions prescribed by the department, *re* delivery, etc., make a very considerable difference, and in this connection I requested, in my letter of the 3rd December, to be furnished with these particulars, which you have apparently overlooked. Please furnish this office with the names of the 27 dealers invited to tender on the 44,118

bushels of oats purchased, also copy of the specification supplied these dealers, and the quantity and price quoted by the persons tendering. I require this information in support of these charges, as I find that the Montreal market price for best Canadian oats in bulk in warehouse, at the time of these purchases, was 54 cents a bushel. I am also informed that the best oats could have been purchased from the regular wholesale trade, bagged and delivered in Montreal, at a much lower rate than the prices paid by the department, consequently, I think that an order amounting to over thirty thousand dollars should not be paid for at retail prices.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, January 15, 1915.

SIR,—I beg to acknowledge receipt of your letter of the 28th ultimo, with further reference to the contracts made by this Department with James McDonnell, Montreal, and George Sparks & Sons, Vars, Ont., for the supply of oats, at 70 cents and 67 cents respectively. The circular telegram inviting tenders for these supplies was dated August 24, and read as follows: "Please wire quotations before noon 26th instant, "delivery f.o.b. dock, Montreal, subject inspection there. Hay twelve hundred seventy-"five tons, baled three wires to bale, good Timothy, sweet, dry, clean, and well saved, "free from weeds, not exceeding 20 per cent clover. Forty-four thousand bushels "number one white oats, 34 pound bushel, properly bagged. Three hundred tons wheat "or oat straw, long, sweet, dry, clean, free from weeds. Fifty tons bran. Only last "year's crop hay acceptable. Required at Montreal by September 10." The specification for oats was subsequently changed from No. 1 to No. 2 white oats, as it was found impossible to procure No. 1. No quotations for No. 1 white oats were received. I enclose also copy of the agreement made with Messrs. Geo. Sparks & Sons, giving further particulars. By a typographical error, the oats were described in this agreement as "Canadian Western" instead of "No. 2 White." The specification of Canadian Western was, therefore, not insisted upon, as it was not in accordance with the terms of the telegram of the 24th August. Tenders were invited from the following firms:—

J. A. Forward, Ottawa,
R. A. Pringle, Ottawa,
Norris Shaver, Ottawa,
Johnston & Webster, Lansdowne,
A. W. Pierce, Aylmer, Ont.,
G. Sparks & Sons, Vars, Ont.,
G. H. Simpson, Montreal,
Jas. McDonnell, Montreal,
G. H. Peters & Son, St. John, N.B.,
Frank Black, Sackville, N.B.,
B. F. Smith, East Florenceville, N.B.,
Geo. B. Jones, Apohaqui, N.B.,
J. L. Peck, Hillsboro, N.B.,
H. B. Tremaine, Windsor, N.S.,
Amherst Trading Co., Amherst, N.S.,
E. Fillmore, Amherst, N.S.,
J. Hennessy, River Hebert, N.S.,
C. R. Bill, jr., Kentville, N.S.,
J. E. Chicoine, Vercheres, Que.,
A. Perreault, Beloeil Station,
Montreal Hay Co., Montreal,
W. Lamarre & Co., Montreal,
H. Desrosiers, Montreal,
E. Lemire, Montreal,
Chas. Arpin, St. John, P.Q.,
J. H. Brandon, Fenelon Falls, Ont.,
M. Robinson & Son, Orangeville, Ont.

Of these, only eight were able to submit prices for oats; and of these, three were for limited quantities, viz:-

	Bushels.
J. A. Forward, Ottawa, for	5,000
Geo. Sparks & Sons, Vars, for	6,000
J. H. Brandon, Fenelon Falls, for	20,000

The eight tenders received were as follows:

	Cents.
J. A. Forward, Ottawa	·67½
R. A. Pringle, Ottawa	·71
Geo. Sparks & Sons, Vars	·67
Jas. McDonnell, Montreal	·70
Montreal Hay Co., Montreal	·72½
W. Lamarre & Co., Montreal	·70
E. Lemire, Montreal	·70
J. H. Brandon, Fenelon Falls	·71¼

The letters received in reply to the telegram of the 24th August, made it quite clear that the stock of oats available in the country, for delivery by the 10th September, was very limited. For instance, G. H. Simpson, Montreal, replied, "No oats till end of September."

The Montreal Hay Company, Montreal, replied: "Impossible to secure the kind "of oats you want for September 10. Will, however, offer you No. 2 Canadian "Western at 72 cents."

B. F. Smith, East Florenceville, N.B., replied: "Oats and bran must come from "the West."

F. B. Black, Sackville, N.B., replied: "No last season's hay, straw or grain in "this section."

M. Robinson & Son, Orangeville, Ont., declined, as "unfortunately we are not in "a position to make any large shipments from stock at the moment; and in view of "the fact that you require delivery in Montreal before September 10, we are not "submitting prices."

H. B. Tremaine, Windsor, N.S., replied: "No oats, straw or bran."

In fact, the whole correspondence tended to show the scarcity of these supplies and the difficulty of procuring them within the time specified. It was too early for the 1914 crop, and the 1913 supply had apparently been exhausted.

This explanation, I trust, will be satisfactory.

I am, sir, your obedient servant,

EUG. FISET, *D. M.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, January 20, 1915.

SIR,—I beg to acknowledge receipt of your letter of the 15th inst., with further reference to the contracts made by your Department for delivery f.o.b. at the dock, Montreal, of 44,000 bushels of No. 2 white oats, properly bagged. The accounts show that 6,000 bushels were supplied at 67 cents, 5,000 at 67½ cents, and the balance, 33,000, at 70 cents a bushel. In my letter to you of the 29th December, I stated that

the market price of best Canadian oats, in bulk in warehouse at the time of these purchases, was 54 cents a bushel. For No. 2 white, the quality which you now say was supplied, I find the market price was even lower. You refer to some of the statements made by firms who were invited to tender on these supplies, and conclude as follows: "In fact, the whole correspondence tended to show the scarcity of these supplies and the difficulty of securing them within the time specified. It was too early for the 1914 crop, and the 1913 supply had apparently been exhausted." I find by the Montreal market report that there was an ample available supply of 1913 oats in the warehouses at any time between the date of your telegram inviting tenders and the date of delivery of supplies, consequently I do not understand why it was not possible to secure a better price.

I am, sir, your obedient servant,

J. FRASER, *A. G.*

The Deputy Minister of Militia and Defence.

Purchase of Automatic Pistols and parts.

AUDITOR GENERAL'S OFFICE, May 7, 1915.

SIR,—In connection with the purchase of Colts Automatic pistols at $18.50, I wish to call your attention to an Order in Council of 6th November last authorizing the purchase of spare parts for the 5,000 pistols, calibre .45 already purchased, wherein it is stated that "The Colts Patent Fire Arms Company state that the prices specified herein (in the schedule attached) are those paid by the United States Government for the same parts." I have ascertained that The Colts Patent Fire Arms Company also supply the Automatic pistol to the New York State Government and the Government supplies them to the officers at $14.75, which is a slight advance on the price charged to the Government. I have to request that you will let me know why you could not obtain the pistols for the same price as that paid by the New York State Government when you were able to obtain the parts at this rate.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, May 10, 1915.

SIR,—I beg to acknowledge receipt of your letter of the 7th instant, with reference to the price paid for Colts Automatic pistols and spare parts therefor. The statement made in the Order in Council of the 6th November last is quite correct; and we have both written and verbal assurances from the Colts Company that the prices paid by this Government do not exceed, and in some cases are actually less than those paid by other Governments for similar supplies. It is, of course, quite possible that the Colts Company have misrepresented the facts; although I hardly think so. I observe, however, that the statement made in your letter is not necessarily inconsistent with the statement made in the Order in Council of the 6th November. You say that you have ascertained that the Colts Company supply the automatic pistols to the New York State Government, and the Government supplies them to the officers at $14.75. It does not necessarily follow from this that the New York State Government pays only

$14.75 for the pistols; nor that the automatic pistols supplied to the New York State Government is identical with that supplied to the Canadian Government. I will, however, make inquiry of the Colts Company and obtain their explanation.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, May 10, 1915.

GENTLEMEN,—I have at various times received assurances, both from your Mr. C. W. Skinner, verbally, and from your company by letter, that the prices which you have charged this Department for automatic guns, pistols and spare parts therefor, were the same as those paid by other Governments for the same supplies. I have lately been informed that your company also supplied the automatic pistols to the New York State Government at $14.75 or less; whereas this Government has been paying $18.50. I should be glad to receive any explanation which you may have to make upon this.

Yours faithfully,

H. W. BROWN, *Director of Contracts.*

Messrs. Colts Patent Fire Arms Mfg. Co., Hartford, Conn.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, May 17, 1915.

SIR,—With further reference to your letter of the 7th instant, about the prices paid by this Department to Colt's Patent Fire Arms Manufacturing Company of Hartford, Conn., for spare parts for Colt's pistols; I beg to enclose herewith, for your information, a copy of the letter of Mr. Brown, director of contracts, to the company, dated 10th instant, and the company's reply of the 13th instant. This, I trust, will make the matter clear to you that the Colt's Company are charging this Department exactly the same prices for parts of the Colt's pistols, as other Governments have been paying.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

HARTFORD, CONN., May 13, 1915.

DEAR SIRS,—Your letter of May 10 arrived during my absence from Hartford and was held for my attention when I returned this morning. You are right when you quote me as saying that our price to you for Rapid Fire Machine Guns was the same as paid by our own Government, *i.e.*, $600. I also stated that since our sales to you we had added $50 to the price on account of increased cost for overtime work, and that all the other Governments had bought from us at the advance. In fact, yours is the only Government which has paid the low price since the war began. You are mistaken with regard to the Colt Automatic Pistol. If you will think back I am sure you will remember that no comparison was made by me between the cost of the pistol to our Government and that to your own. The fact is that the pistol was developed

especially for our Government, and our belief and understanding was that its adoption would mean very large orders, which has proved to be true, as our Government has already ordered over 100,000 pistols. All our private cavalrymen, artillerymen and marines are armed with the pistol, as are also all army and navy officers. In addition, the Naval Militia and National Guard order these pistols through the United States Government. Under these circumstances a very low price was named. Your letter of November 3, 1914, and our reply of November 9, referred to *parts* of the pistols. We wrote then that the price given you for *parts* was the same as paid by our own Government, which is a fact. Trusting that this explanation covers your inquiry of May 10, we are,

Very truly yours,

COLT'S PATENT FIRE ARMS MFG. CO.,

W. C. SKINNER, *First Vice-Pres*

H. W. BROWN, Esq., Director of Contracts.

Purchase of Materials for Hospitals and Medical Supplies.

AUDITOR GENERAL'S OFFICE, April 19, 1915.

SIR,—Voucher No. 614, paid at Ottawa, covers a payment of $5,078.81 to T. A. Brownlee, for materials for hospitals, as follows:—

No. 1 Clearing Hospital	$ 390 57
No. 1 Stationary Hospital	390 57
No. 2 Stationary Hospital	390 57
No. 1 General Hospital	1,953 55
No. 2 General Hospital	1,953 55

And voucher No. 3015 for $18,675 covers payments for medical supplies packed in boxes, as follows:—

30, No. 1 Boxes at $325	$9,750
30, No. 2 Boxes at $95	2,850
30, No. 3 Boxes at $75	2,250
30, No. 4 Boxes at $60	1,800
30, No. 5 Boxes at $18.50	555

Neither of these vouchers give any information as to what was contained in the boxes, and until I have this information I am unable to judge as to the prices paid. Kindly give me a description and the quantities of the articles contained in each of these packages.

I am, sir, your obedient servant,

J. FRASER, *A. G.*

The Deputy Minister of Militia and Defence

DEPT. OF MILITIA AND DEFENCE, OTTAWA, April 23, 1915.

SIR,—In reply to your letter of April 19 I beg to enclose herewith copies of contracts made by T. A. Brownlee for material for hospitals, as set forth in your letter. These contracts show the different materials covered by Departmental Cheque No. 6143.

I am, sir, your obedient servant,

[UNSIGNED],
Surgeon-General, D.M.M. & D.

The Auditor General.

AUDITOR GENERAL'S OFFICE, April 29, 1915.

SIR, I beg to acknowledge receipt of your letter of the 23rd inst., No. H.Q. 124-3-202 (unsigned), and the inclosures as stated, being lists of materials for hospitals as supplied by Mr. T. A. Brownlee under voucher 6143, and the contents of boxes numbered 1 to 5 as supplied by him under voucher 3015. Upon examination of the lists of goods contained in the boxes, I find that they are identical with the lists attached to orders given by your Department under date of March 31 last, as follows:—

J. F. Hartz Co., Ltd.—
Two boxes No. 1, complete with stores, at $145 00
" " 2, complete with stores, at. 55 00
E. B. Shuttleworth Chemical Co.—
Two boxes No. 3, complete with stores, at. . . . . $ 47 50
Lymans Limited—
Two boxes No. 4, complete with stores, at. . . . . $ 31 10

On these four classes of boxes supplied by Mr. Brownlee, he appears to have been paid an excess of $8,322 over the above prices, or nearly 100 per cent, and it is reasonable to assume that the prices on the remaining articles are in the same proportions. I have therefore to request that an explanation be given of the reasons for letting a contract to Mr. Brownlee at the excessive prices charged in his accounts.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 8, 1915.

SIR,—With further reference to your letter of the 29th April last, the receipt of which has already been acknowledged by Mr. Brown, Director of Contracts, on my behalf; I now beg to inclose herewith a copy of a memorandum made by Mr. Brown, detailing the circumstances with regard to the purchase of boxes containing medical stores from Mr. T. A. Brownlee of Ottawa, under order dated August 11, 1914; and from Messrs. J. F. Hartz Co'y, and E. B. Shuttleworth Co'y, of Toronto, and Lymans, Ltd., of Montreal, in April, 1915. I trust Mr. Brown's statement satisfactorily explains the difference in the prices paid for these boxes at different times. Between August, 1914 and April, 1915, conditions changed very greatly towards lower prices. Moreover, even when tenders were invited in March last, from sixteen wholesale firms for these

boxes, only nine responded, and the quotations of these nine varied very greatly. On one box, the difference in the tender prices was over $100. Doubtless, the quality of the contents had something to do with this.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 8, 1915.

In the Auditor General's letter of the 29th April last, he comments upon the great difference in the prices paid for boxes containing medical stores ordered from Mr. T. A. Brownlee, of Ottawa, in August last; and for boxes of the same description ordered from Messrs. J. F. Hartz Co'y and E. B. Shuttleworth Chemical Co'y, both of Toronto, and Lymans, Ltd., of Montreal, in April last; and inquired why a contract should have been made with Mr. Brownlee at such apparently excessive prices. The conditions under which supplies were procured in August, 1914, were very different from those prevailing in April, 1915. War was declared on the 4th of August, and the first Expeditionary Force was authorized by Order in Council a few days later. At that time, the prime essential was thought to be the earliest possible despatch of the Contingent. It was, therefore, considered imperative by all officers of the Department to take the shortest means of securing the earliest possible deliveries of the large quantities of stores required for this purpose. It was doubtless with this in view that Colonel Jones, Director General of Medical Services, applied to Mr. T. A. Brownlee to undertake this order for boxes containing medical stores for the use of the Contingent.

The order was given to Mr. Brownlee by letter dated August 11; and this merely gave expression to an earlier verbal arrangement between Col. Jones and his officers with Mr. Brownlee. No sample or specification was available, as medical stores of this description had never hitherto been supplied in this way; and in a matter of such urgency competitive tenders were out of the question, since the Department had not the necessary information available for the use of tenderers; and to have prepared this would have lost much valuable time. Col. Jones probably applied to Mr. Brownlee because the cases contained considerable quantites of pills and tablets, for the supply of which Mr. Brownlee was at the time the regular contractor. His tender for pills and tablets, in the latter part of June, 1914, was the lowest of some ten or twelve competitors. Doubtless, Mr. Brownlee's familiarity with the requirements of the Department and his personal attention to this matter saved the Department some time and certainly much work at a time when the entire staff was undermanned and overworked. There is no doubt, also, that market prices for some of the supplies called for by this order, were very much higher then than a few months later. No one firm could fill this order without recourse to others; the boxes had to be made by cabinet makers or wood workers; the contents had to be procured from various sources; the transaction involved the personal attention of Mr. Brownlee and conferences with the medical officers of the Department to ascertain exactly what was required. It was natural, therefore, that the medical officers should apply to Mr. Brownlee who was near at hand, familiar with their requirements, and ready to give his personal attention to questions relating to specifications which, in the ordinary course, would not have arisen.

Summarizing the reasons for giving this contract to Mr. Brownlee:—

1. It saved the Department valuable time.

2. Competitive tenders were impracticable in the absence of samples and specifications; and owing to the necessity for early delivery.

3. Mr. Brownlee was best qualified to get these stores delivered promptly.

Mr. Brownlee's prices were certified by the Director General of Medical Services as fair and just, as will appear from the accompanying copy of an exchange of minutes between the Director of Contracts and the Director General of Medical Services on September 28 last. With regard to the orders given to Messrs. Hartz, Shuttleworth and Lymans, in April, it had been possible before that time to procure specifications and sealed patterns for the information of tenderers, and to obtain competitive tenders from a large number of firms. Market prices of some of the supplies required had also declined; so that for several reasons better prices were to be expected. Moreover, all three of these firms apparently discovered, before completing their orders, that they had quoted at prices too low. The Hartz Co'y on the 19th May wrote that their price for boxes No. 1 would hereafter be $165, instead of $145; and for box No. 2 $65, instead of $55. See accompanying copy of their letter of the 19th May. The Shuttleworth Company stated that they filled our order for boxes No. 3 at $47.50 at a loss, and asked for an increased price of $53; and "even then our profit would be extremely small." Moreover, the boxes they supplied were reported as unsatisfactory. See the accompanying copy of their letter of May 17. Messrs. Lymans, Ltd., on April 5, wrote (copy enclosed herewith) asking for an increase in the price of their boxes No. 4, and alleging that their price of $31.10 gives them only the cost price of the boxes. While this correspondence does not show that Mr. Brownlee's prices were reasonable, it certainly does show that the contract prices of the other firms were too low to ensure a reasonable profit, and that the comparison made by the Auditor General is therefore misleading.

H. W. BROWN, *Director of Contracts.*

Insufficient Information given with regard to Refunds.

AUDITOR GENERAL'S OFFICE, October 22, 1915.

SIR,—Deposit receipt No. 3677, shown on your revenue statement No. 57, covers an amount of $1,406, received from the Newfoundland Government, and the reference on the back refers to Headquarters cheque No. 9283 of 1914-15. This cheque was drawn in favour of R. E. Boyd & Co., and was for only $100. Kindly let me know what this refund is for, and to what expenditure the amount is to be credited.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, November 18, 1915.

SIR,—Replying to your letter of October 22 regarding Deposit Receipt No. 3677 for $1,406 received from the Newfoundland Government, I am to say that Headquarters cheque No. 9283 was shown as a reference to the departmental abstract on which will be found a memorandum of the bill of exchange paying the Colts Patent Fire Arms Mfg. Co. of Hartford, Conn., for two machine guns, on which payment this refund should apply, the guns having been purchased from that company for the Newfoundland Government.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, November 22, 1915.

SIR,—I beg to acknowledge receipt of your letter of the 18th instant, with reference to Deposit Receipt No. 3677, for $1,406, and in connection with this refund, I might point out that this office has no means of knowing that when you quote Headquarters cheque No. 9283 upon the duplicate of the Deposit Receipt, you intend it to mean a reference to a draft on New York, which was issued by the Finance Department in favour of the Colts Patent Fire Arms Company. With regard to the Statement of Refunds sent to this office, I might point out that the above inaccurate information is only a sample case, and I have no doubt that there are others equally as far from being correct as this one, and with the information given at present, this office has no means of knowing whether the cheques quoted are correct or otherwise, and this is all the information which is given upon your statement. On August 12 last, I wrote you asking that, in connection with refunds for 1915-16, I be given more information, and I would ask what action is being taken by your department to supply me with the information asked for at that time.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, December 6, 1915.

SIR,—Let me acknowledge receipt of your letter of the 22nd ultimo, respecting a refund of $1,406 for one machine gun sold the Newfoundland Government, and in connection with which you claim insufficient information was given your Department. In reply I am to say that this Department is only too glad to give your Department all the information possible in such matters, and every effort is being made to that end, but of course there may be an oversight now and then owing to the enormous amount of accounting work, consequent upon the heavy War Expenditure, and I would suggest that in trivial matters of this kind, the necessary information be sought direct by the official of your Department in charge of the particular work from the official in my Department making the returns. This is the usual practice among the departments, and is much more expeditious and satisfactory in my opinion than writing formal letters, as these little matters can usually be settled and remedied by telephone communication between these officials in a minute's time.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, December 17, 1915.

SIR,—I am in receipt of your letter of the 6th instant, with reference to a refund of $1,406 for a machine gun sold to the Newfoundland Government, about which I wrote you on the 22nd ultimo. You seem to dismiss the whole question by stating that this is a trivial matter, and that the necessary information should be sought by an official of this Department over the telephone. In reply, I may say that this question of a machine gun sold to the Newfoundland Government was only quoted as a sample of the very lax and unbusinesslike way in which your Department was forwarding the refunds to this office, and instead of being a trivial matter, it is a matter of

very great importance, as we are supposed to rely upon the statements which your Department send, and if the statements do not contain the necessary information, or give erroneous information, this Department is unable to check your expenditure. I may say that when officials of this Department conscientiously try to improve the accounting of your Department, and make suggestions with regard to statements of this kind, they are charged with being officious and of asking for information which would entail unnecessary labour upon the accounting staff in your Department. But, up to the present, no official of your Department has asked for any information as to what was required in connection with these refunds, and information given upon the statements which are now being forwarded to the Department is equally indefinite and erroneous as that referred to in my letter. I must inform you that some improvement must be made in these statements, or I shall be compelled to report the matter to the Treasury Board for some action.

I am, sir, your obedient servant,

J. FRASER, *A. G.*

The Deputy Minister of Militia and Defence.

Vouchers increased by Department.

AUDITOR GENERAL'S OFFICE, November 24, 1914.

SIR,—Let me call your attention to the following payment made to the *Auburn Woollen Company*, of Peterborough, Ont., charged to the War Appropriation and paid at Headquarters. The voucher contains the following:—

Cheque 2241.—1,600 Saddle Blankets, 4½ lbs., 7,200 lbs. at 72c.		$5,184
16 at $1.25 cases	20	
		$5,204 00
Less 16 cases (charges not allowed at $1.25 each)		20 00
		$5,184 00
Add 76½ lbs. Saddle Blankets not charged at 72c. per lb.		55 08
		$5,239 08

The deduction of $20 for cases, and the addition of $55.08 for overweight on blankets, were apparently made in the Department. The deduction was, I presume, on account of certain conditions in the contract which did not provide for this charge. As to the increase of the claim, on account of 1,600 blankets running in weight over the 4½ pounds, perhaps increased by dampness in transit or other causes, it does not appear reasonable. The claimant, apparently, did not weigh these blankets, but was satisfied that they would average at least 4½ pounds, and on this basis made out his claim. The amount involved in this case is not large, but it seems to me the principle of allowing the original vouchers to be increased by an official of the Department, is not a good one. I find there are many other cases similar to this one.

I am, sir, your obedient servant,

J. FRASER, *A. G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Dec. 8, 1914.

SIR,—I beg to acknowledge receipt of your letter of the 24th ultimo, taking exception to a certain payment made to the Auburn Woollen Company, when the amount of their invoice charged was increased by $55.08 by the officials of this Department before payment. Upon inquiry, I find that it is the custom of the inspection staff, in all such cases, to take the weights of blankets as invoiced; provided the actual weights on inspection are found to be, at least, as much as the invoiced weights. The instance complained of happens to be a very rare exception. In this case, the invoice either had not been received by the inspectors or had been mislaid. They were, therefore, obliged to inspect and report the lot of blankets, without reference to the invoiced weights. The 1,600 blankets covered by the Auburn Woollen Company's invoice of the 19th August were inspected, half by Mr. Charles Burns, the assistant director of contracts, and half by Mr. Charles Ferrill, one of the inspectors. Mr. Burns reported the receipt of 3,699 pounds, and Mr. Ferrill of 3,577½ pounds. These reports were sent to the Department in the ordinary course; and the clerk whose duty it is to prepare such accounts for payment, followed the quantities given on the inspection report, instead of the invoiced quantities. This was in accordance with his instructions, because the report of the inspector is the voucher upon which all payments are made. As I have already explained, however, the case is quite an exceptional one and is not likely to recur, at least in the case of blankets. Such a practice in the case of payments for blankets is open to at least one objection, which does not apply to other goods generally: that the weight of the blanket fluctuates according to atmospheric conditions. I find it has been the practice of the Contracts Branch to pay for quantities of goods as reported by the inspectors and not precisely as invoiced. This, of course, results in both additions to and deductions from the invoices. The practice appears more dangerous, I think, than it really is, since all such deliveries are at least double checked; and the connivance or collusion of officers of, at least, three different offices would be necessary, if fraud were the object. The inspector's report showing quantities received is made in triplicate: one copy is kept in the inspection room, one copy is sent to the Principal Ordnance Officer, to whom the goods are sent from the inspection room, and the third copy is sent to the Director of Contracts. If the inspector reported quantities in excess of those actually received, the discrepancy would be immediately discovered and reported by the Stores Branch. Moreover, the Principal Ordnance Officer is obliged to furnish the Director of Contracts with a receipt for all such deliveries after the goods have been checked. The Stores Audit Branch, under the Accountant and Paymaster General of the Department, constitutes another safeguard, as all such papers are reviewed by him. There is therefore not a double but a triple check; and that it is an actual practical check is proved by the amount of correspondence on the files upon just such matters. In the past, it has been assumed that if the inspector's report is to be taken as conclusive evidence of the delivery of the goods, then additions to as well as deductions from the quantities invoiced should be made in accordance with the inspection reports. This practice certainly has the merit of expediting the work; it saves much time and correspondence, and with the safeguards which we have, cannot very well be abused. I should add that all accounts for goods, which are presented to the Director of Contracts for his certificate, are invariably accompanied by the proper inspection report; so that Mr. Brown can and does assure himself that the bill is in accordance with the report. Mr. Brown tells me that he has already explained this matter to your Mr. Folkins; and that Mr. Folkins has made some inquiry into and examination of the system as outlined above.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

Construction of Works and Rifle Ranges at Valcartier.

AUDITOR GENERAL'S OFFICE, March 12, 1915.

SIR,—In the expenditure under the Fifth Divisional Area, chargeable to War Appropriation, I find the following payments to Messrs. Bate, McMahon & Company for "Construction Works and General Engineer Services, including Rifle Range, Valcartier Camp":—

Aug. 28, 1914, cheque 1929, 1st Progress Payment	$25,000
Sept. 10, 1914, cheque 2150, 2nd Progress Payment	35,000
Sept. 22, 1914, cheque 2368, 3rd Progress Payment	50,000
Oct. 7, 1914, cheque 2598, 4th Progress Payment	15,000
Oct. 26, 1914, cheque 2947, 5th Progress Payment.	14,000

Please inform me as to the nature of the work for which these payments were made, and whether the works were done under contract, and if so please supply this office with a copy of the same.

I am, sir, your obedient servant,

J. FRASER, *A. G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, March 18, 1915.

SIR,—I have the honour to acknowledge receipt of yours of the 12th inst. respecting certain payments to Messrs. Bate & McMahon for the construction of the 1,500 target rifle range at Valcartier Camp. As requested, I enclose copy of the contract with this firm and also a memorandum from the Director General of Engineer Services respecting the nature of the work performed.

I am, sir, your obedient servant,

EUG. FISET, *D. M.*

The Auditor General.

Construction Works and Engineering Services including Rifle Range, Valcartier Camp, 1914.

The original engagement of Messrs. Bate & McMahon & Co'y was for the construction of the 1,500 target rifle range at Valcartier Camp, on the basis of actual cost plus fourteen per cent. Just prior to the completion of the rifle range construction, immediate verbal orders were received on the ground from the Hon. the Minister, to continue the employment of this firm of contractors for the purpose of immediately completing drainage and water systems, clearing ground, road construction, assisting in construction of sidings and platforms, and general engineer services incidental to a large camp such as this. A fence was also constructed around the Ross rifle factory, and danger buildings at the Dominion Arsenal, Quebec. It was impossible to adequately estimate the cost of the various works, as in such circumstances as those governing such a large and immediate mobilization, no one could even approximately determine what works were likely to be carried out. Consequently the works were carried out as an extension of the contract for the rifle range, and on the same terms. Receipted vouchers and pay-lists have been obtained from the contractors and will be surrendered to you in a very few days now, as there were some items, prices, credits, etc., which have been under discussion between this Branch and the contractors, and

which are now practically adjusted to the satisfaction of this Branch. A final cull of all these vouchers is now being undertaken, with a view to handing them over in the best possible shape. A very few days will see this final check completed.

L. S. MAUNSELL, *Lieut.-Col., R.C.E., D.G.E.S.*

Irregularities in Pay-lists.

AUDITOR GENERAL'S OFFICE, May 7, 1915.

SIR,—I beg to enclose herewith a pay-list of the 24th Kent Regiment, paid under cheques Nos. 1021 and 1023 of the 1st Divisional Area. Upon examination, you will find that this pay-list appears to have been changed by pasting over the Amount Due column a new list of amounts, and would appear to have been increased from the original pay-list. It is safe to suppose that this was done after the signatures were put upon the list, and if so, is a very serious offence by the paymaster and officers who certified to this list. I would be pleased to have you make an investigation in this case, and inform me why this was passed by your office, and what guarantee you have that the persons who signed the original pay-list received the increased amount.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, May 12, 1915.

SIR,—I have the honour to acknowledge receipt of yours of the 7th inst. respecting amended paysheet of the 24th Kent Regt. to which you take exception, and in reply am to say that these men were paid at Chatham up to and including the 22nd August. They were then taken on pay by the Camp Paymaster at Valcartier on the 23rd August. There was, therefore, no break in their pay from the date of enlistment up to the end of the month. It is very unlikely they did not receive the full amount of their pay, which your letter would imply, as the officers at least would have brought this matter to the attention of the Camp Paymaster at Valcartier. The reason the change in the paysheet was made was no doubt due to the fact that an order was issued from here that detachments proceeding to Valcartier must be paid up to the date on which they were due to arrive at Valcartier and were to be taken on pay at Valcartier immediately on arrival there. The paysheet in question was evidently made out originally for the period August 13 to August 21, but the troops not arriving until the 22nd the paysheet was amended and the men paid up to the latter date. As far as this Department is concerned we are perfectly satisfied there has been no irregularity and that the officers and men have received the pay as shown on the amended sheet.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, May 11, 1915.

SIR,—I beg to enclose herewith a pay-list covered by cheque No. 1459 of the 1st Divisional Area. Upon examination, you will find that forty-nine men appear to have signed this pay-list, while amounts are entered for only five of these persons. I would be pleased to know why officers of your Department obtain signatures to pay-lists, the amount and time of service being left blank.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 1, 1915.

SIR,—With reference to your letter of the 11th instant I beg to inform you that the pay-list referred to was prepared by one of the Active Militia (Non-permanent) Officers, who had not much experience, apparently, in the matter. During the stress of work at the time of mobilization last summer, it was advisable not to delay payment of claims on such pretexts as this. The paymaster accordingly passed the pay-list and in doing so I am of opinion that he acted in the public interest and in the interests of the Militia, and, therefore, I think no further action is necessary. I am to add that officers of this Department are not in the habit of obtaining signatures to pay-lists in advance, although some officers of the Non-permanent Militia may have done so last August in the rush of mobilization work.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

Transfer of Expenditure to War Appropriation.

AUDITOR GENERAL'S OFFICE, June 14, 1915.

SIR,—I beg to acknowledge the receipt of your applications Nos. 510, 513, 514, 522 and 523, all for transfer entries charging War Appropriation with amounts now charged to Maintenance, etc. Upon examination of the vouchers, I find that, in many cases, the expenditure was made long prior to the outbreak of the war, and appears to be for the ordinary cost of maintenance of military properties. Under these circumstances, I cannot pass your entry charging the War Appropriation with these amounts.

I am, sir, your obedient servant,

J. FRASER, *A. G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 22, 1915.

SIR,—With reference to your letter of the 14th inst., I beg to enclose amended requisitions Nos. 510, 514, 522 and 523 for transfer warrants. As regards Requisition No. 513, I do not find that it includes any charges for expenditure prior to the out-

break of hostilities, and as the items are practically all for services produced by or maintained in consequence of the war, I would be glad if the original application might be passed.

I am, sir, your obedient servant,

EUG. FISET, *D. M.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, June 24, 1915.

SIR,—I beg to acknowledge receipt of your letter of the 22nd instant, enclosing amended requisitions Nos. 510, 514, 522 and 523 for transfer entries. Upon examination of the items contained in these entries, I find that the expenditure appears to be, in most cases, for ordinary cost of maintenance of military properties, and as stated in my letter of the 14th instant, I cannot see my way clear to pass the entries charging the War Appropriation with amounts which appear to me to be for the ordinary cost of maintainence. With regard to Requisition No. 513, I find that there are charges in this which date back as far as October, 1911, and other charges which appear also to be for the ordinary cost of maintenance, and under these circumstances, I cannot pass this entry either.

I am, sir, your obedient servant,

J. FRASER, *A. G.*

The Deputy Minister of Militia and Defence.

Vouchers Charged to Wrong Vote.

AUDITOR GENERAL'S OFFICE, September 29, 1915.

SIR,—Headquarters cheque No. 10469 covers a payment to the Canadian Pacific railway of $50 for handling special train service for Major General the Hon. Sam Hughes, June 27, 1914, Lindsay to Bethany Junction. This item is charged to War Appropriation, and as the war did not break out until August of 1914, the payment should be made from some other account. Kindly let me have an explanation of this.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *for A. G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, October 2, 1915.

SIR,—Replying to your letter of September 29 regarding item of $50 included in payment to the Canadian Pacific railway by Headquarter's cheque No. 10469 of 1914-15, I am to advise that this item was included therein in error, as pointed out in your letter. There is no other explanation to make.

I am, sir, your obedient servant,

E. F. JARVIS, *A.D.M.*

The Auditor General.
